

City of Las Cruces®
PEOPLE HELPING PEOPLE

— PUBLIC MEETING —

WHAT IS A “ROAD DIET?”

**WEDNESDAY
AUGUST 5
6:30-7:30 PM
Newman Center
2615 S. Solano Dr.**

The City of Las Cruces invites you to find out what a “road diet” is at an open-house style public meeting. See how this inexpensive striping treatment (shown) can increase roadway efficiency while decreasing crashes and adding in-road bicycle lanes. Join transportation planners and engineers to discuss how a “road diet” will be implemented on Solano Drive between Missouri Avenue and University Avenue.

For more information, please contact Dan Soriano, Traffic Engineer, at 541-2505 or Andy Hume, Planner for the Las Cruces Metropolitan Planning Organization, at 528-3047. The TTY number is 541-2182.
